Problem 1.

```
explore
    -- Modify the map.
  do
    Zurich.add_station ("Super station", 1800, -500)
    Zurich.connect_station (11, "Super station")
    Zurich_map.update
    Zurich_map.fit_to_window
    -- Zurich.station ("Super station")
    Zurich_map.station_view (Zurich.station ("Super station")).highlight
    wait (2)
    Zurich_map.station_view (Zurich.station ("Super station")).unhighlight
    wait (2)
    Zurich_map.station_view (Zurich.station ("Super station")).highlight
    wait (2)
    Zurich_map.station_view (Zurich.station ("Super station")).unhighlight
    wait (2)
    Zurich_map.station_view (Zurich.station ("Super station")).highlight
    wait (2)
    Zurich_map.station_view (Zurich.station ("Super station")).unhighlight
    wait (2)
  end
```

Problem 2.

```
execute
  do
    Io.put_string("Name: Andrew Tropin%N")
    Io.put_string("Age: ")
    Io.put_integer(21)
    Io.new_line
    Io.put_string("Mother tongue: Russian%N")
    Io.put_string("Has a cat: ")
    Io.put_boolean(False)
    Io.new_line
  end
```

Problem 3.

1. query

2. query

3. command

4. command

5. command

6. query
